IN REPLY REFER TO:

Office of the Commandant

14 DEC 1971

Dear Doctor Cunningham:

Each year as part of its course on "Internal Defense and Development," the US Army War College has sought to examine in depth the internal security problems in a number of selected countries. This has taken the form of a panel presentation by knowledgeable US Government experts familiar with the problems of the particular country, followed by extended question periods during which members of the Army War College Class may direct specific inquiries to the panel members.

For this academic year, we are trying to assemble small country teams for Brazil, Guatemala, Ethiopia, the Philippines, and Thailand. Thus far we have made arrangements for representatives from the State Department, Department of Defense, and US Agency for International Development, and to complete our panels, we would like to obtain representation from your agency for each of the above selected countries.

The panel session is scheduled to take place at the Army War College on Tuesday, 8 February 1972, and the objective, scope, and schedule for the panel are as shown in the inclosure. Additional information can be obtained from your point of contact, Colonel Charles M. Simpson, at 717-245-3030 or 245-3040.

We would be grateful if your agency could provide representatives for each of our panels because this would provide greater depth and dimension to our studies.

Sincerely,

A handwritten signature in cursive script, reading "Franklin M. Davis, Jr.", is written over the typed name.

FRANKLIN M. DAVIS, JR.
